OnCourse User Export

Overview

This task exports User data for OnCourse. It will create up to two csv files: Students and Staff.

Options

The export can be configured to save locally, be sent in an email, or have the files sent to another machine using (S)FTP.

Individual files can be selected to be included.

Individual schools can be selected to be included.

Export Type: Full or Basic. Full will export all columns. Basic will remove the following columns:
